

October 12, 2021

To: All Clients and Guests (Open Facilities)
From: Ken Kachmar, Director Human Resources
Cc: RCCC Leadership
Subject: Vaccination Requirements at RCCC Facilities and Locations

Right Choice Camps and Catering would like to provide some clarity surrounding the process of staying in any of our facilities effective October 15, 2021. All guests staying in our facility must either be double vaccinated or provide a negative Covid-19 antigen test.

Upon check in all guests are required to show the following:

- Fully vaccinated guests must show a vaccination certificate indicating they have been fully vaccinated and corresponding official government ID.
- Unvaccinated or single vaccinated guests must provide proof of a negative covid-19 antigen test taken within 72 hours of check in.
- Every Monday after initial check in, client representatives must provide a listing of their employees staying at an RCCC facility to the facility manager indicating if they are compliant with RCCC requirements.
- Anyone arriving in camp for a short period of time e.g. (For a service call, sit down meal, grabbing lunch to go) must abide by the RCCC vaccination requirements.

Mask requirements in public spaces are required as per requirements by our Provincial governments and RCCC policy and protocol.

Again we would like to thank everyone in advance for stopping the spread of Covid-19 and helping move our everyday lives and businesses closer what we once knew prior to 2020.

Regards;

A handwritten signature in blue ink, appearing to read "Ken Kachmar".
